**CHARTER**  
**NORTHERN ROCKIES**  
**TYPE II INTERAGENCY INCIDENT MANAGEMENT TEAMS**  
**BOARDS OF DIRECTORS**  
Effective February 2002

**A. MEMBERSHIP**

The Northern Rockies Type II Incident Management Teams will be managed by Boards of Directors representing Eastern Montana Zone, Western Montana Zone, and North Idaho Zone. Each Board shall consist of a representative from each participating agency appointed by the Agency Administrators.

**Eastern Montana Zone**  
**(also serve as the MAC Group for Eastern Montana)**

US Fish and Wildlife Service	Bob Rebarcik
NPS	Phil Perkins
Custer NF	Paul Mock
MT State DNRC Southern	Sharon Moore
BLM	Tom Boatner
BIA	Tom Corbin

**North Idaho Zone**

Idaho Panhandle NF	Peggy Polichio
Clearwater Nez Perce NF	Ken Castro
Idaho Department of Lands	Brian Shiplett
Coeur d' Alene Tribe	Tom Pakootas
BLM	Pat Garbutt

**Western Montana Zone**

Bitterroot NF	Jack Kirkendall
Flathead NF	Don Black
Kootenai NF	Charlie Webster
Lolo NF	Chuck Stanich
MT State DNRC Northwest	Ted Mead
MT State DNRC Southwest	Steve Holden
Glacier NP	Fred Vanhorn
Confederated Salish and Kootenai Tribes	Tony Harwood

**B. GOALS**

The Board will be an active, decisive body that will represent the agencies and units which are the primary users of, and providers of personnel to the Northern Rockies Type II Interagency Incident Management Teams.

The Board will support and provide oversight to the operations of the teams in accordance with the Northern Rockies Interagency Incident Management Teams Mobilization Plan.

**C. OBJECTIVES**

1. The Board will ensure that qualified individuals are nominated for team membership by their agencies and that those selected are provided with adequate training and support to be available for and perform the position for which they have been assigned on one of the Type II teams.
2. The Board will ensure that qualified individuals are selected for the position of Incident Commander on each of the teams.
3. The Board will ensure that team performance meets the expectations for Type II Incident Management Teams and is responsive to agency need and direction.
4. The Board will support the coordination of the Northern Rockies Interagency Incident Management Teams in all aspects of management and support of the teams.
5. The Board will acknowledge and represent issues of team management or use that are Regional or National in scope.

**D. OPERATING PROCEDURES**

1. The Board will have equal authority vested to each member.
2. The Board members will endeavor to meet and participate at each of the semi-annual team meetings (pre and post season). Otherwise, the Board will convene when matters of team business require. Any Board member, Incident Commander, or the Team's Coordinator may call for a meeting of the Board for any purpose associated with the operation of the Teams. The person calling for the convention may determine the most appropriate method to accomplish the business at hand (e.g. meeting, conference call) and will facilitate.
3. The Board will annually review the teams Mobilization Plan and recommend its approval by the agency administrators.
4. The Board will call for and review nominations for the position of Incident Commander and select those individuals when vacancies occur on one of the teams.
5. The Board will review team performance evaluations (provided by each IC through the Teams Coordinator) for each assignment and make recommendations for corrective procedures and acknowledge positive performance accordingly.
6. The Board will call for and review nominations for the position of Teams Coordinator and select the individual to serve that role when the vacancy occurs.
7. Issues of team management or use developed by, or that come before the Board, will be formally moved forward to the Northern Rockies Coordination Group's Executive Director for appropriate action.
8. This Charter is agreed to by each of the participating agencies/units and is effective February 2002. It will remain in effect until such time that unanimous approval of the agencies warrants a change to its content.

## OBJECTIVES

The teams when activated must be able to take over complete management of the incident on or before the beginning of the next day operational period following call-up, or as agreed upon during in-briefing.

The incident will be managed in an economical manner considering safety of public and incident personnel, resource values, and Agency Administrator direction. All activities will be conducted in a manner which ensures the safety of all personnel and the general public. Incident management will be conducted in a professional manner which exhibits a "situation of control" to the agency and the public.

## TEAM PROCEDURES

An Incident Management Team is dispatched when a unit or agency can no longer manage an incident with the initial attack resources. When a situation outside of a wildland emergency arises, it will be handled on a case by case basis. Each team is supervised by an Incident Commander and assisted by specialists needed to control the emergency as effectively and efficiently as possible. NRCG has ultimate responsibility for management of these Type II Incident Management Teams. Zone Boards have oversight responsibility for these Type II Teams.

### General

Each team member's Agency Administrator shall ensure team members are available for assignments during assigned call-up periods. Any periods of unavailability or substitutions will be approved by the Incident Commander.

### Responsibilities – Agency Administrator/Requesting Unit

The agency having responsibility for management of the area in which the emergency exists designates the Agency Administrator. Unless other officials are appropriately designated, Forest Supervisors (FS), Park Superintendent, BIA Superintendent, Field Office Manager (BLM) and Area Manager (State) are the Agency Administrator for the emergency assignment concerned. During multi-agency assignments, all Agency Administrators will maintain close contact with the assigned team. The following are the responsibilities of the Agency Administrator:

- Retains ultimate responsibility for the control of the incident, including mobilization and demobilization of the forces, equipment, supplies, etc. Provides briefing for team on arrival and debriefing on their departure. Provides team with completed initial WFSA at time of team briefing. Provides local support to Incident Management Teams for Expanded Dispatch, procurement, contracting, etc.
- Is responsible for restoring and maintaining initial attack capability.
- Delegates authority to manage the incident to the Incident Commander and appoints a Resource Advisor to work with the team.
- Establishes and coordinates resource management objectives with the Incident Commander and assures the objectives are included in the management of the incident.

- Provides procedures for release of information to the news media and concerned public.
- Responsible for and participates in the assessment of the team performance and effectiveness. Annually, respective Zone Board of Directors shall evaluate their respective Northern Rockies Interagency Type II Teams, dispatch program as it pertains to the dispatch, mobilization and demobilization of these teams as well as team performance. The respective Zone Team Coordinator is responsible for setting the time, date and agenda.
- The ordering agency should request the Incident Commander to call them prior to arriving at the briefing if there are any special treatment areas or requests.

### **RESPONSIBILITIES OF THE TEAM/TEAM MEMBERS**

- Teams are responsible to the Agency Administrator having incident protection responsibility for the land where the incident is located.
- Be available for dispatch when on two-hour call.
- Will not be excused from serving in their position except for the following reasons; sickness, line officer's commitments, or legitimate emergencies. It will be the team member's responsibility to call their Incident Commander and advise of their unavailability. If the Incident Commander is not available, you need to contact your Zone Coordinator.
- Notify their immediate supervisor or acting each time they are dispatched.
- Provide agenda items for seasonal and post-seasonal meetings to the Zone Coordinator by December 1, annually.

### **RESPONSIBILITIES OF THE ZONE BOARD OF DIRECTORS AND COORDINATORS**

- Assist in selection of team members (at least Command and General Staff).
- Resolve disciplinary actions that cannot be resolved by the Incident Commander or between the team and any other entity.
- Review the mobilization plan and make any necessary changes in the Guide, including Trainee and Alternate lists. Have it to the Zone Coordinator for publication in the following year's plan by February 1st each year. Provide team vacancy nominees to Team Coordinator by November 15.
- Forward and disseminate team related information to team members concerning meetings of interest, safety items, etc.

## INCIDENT MANAGEMENT TEAMS

There are six Interagency Incident Management Teams. Core team members are made up of an Incident Commander, Deputy Incident Commander (*optional*), two Operations Chiefs, Planning Chief, Logistics Chief, Finance Chief, Safety Officer, Fire Behavior Analyst, Air Support Group Supervisor, Incident Information Officer and trainees. Short team will consist of 11 core positions and a long team will be composed of twenty-four team members, including section heads, unit leaders and trainees. Additional coaching, trainee and support positions will be negotiated with receiving Line Officer at time of dispatch.

Command and General Staff members of these teams normally serve a three year term. However, the term of these members may vary by each zone. Primary team members can be released from their positions and an alternate will be called for such reasons as sickness, Agency Administrator commitments, or other emergencies. If for any reason a person must be removed from the team all agencies will be notified. The call-up schedule which is enclosed will be used for dispatching the teams. Vacancies that occur within the teams during the incident season will be filled by qualified individuals from the alternate list enclosed in this plan.

Individual team meetings will be held in the fall, after fire season annually. A combined Type 1 and Type II meeting will be held annually in the spring.

### 1. Incident Management Team Selection Timeline:

**November 15** - Team needs identified prior to this date.

**November 15** - Nomination forms distributed. One Northern Rockies nomination form will be used for both Type 1 and Type II Incident Management Teams.

**December 15** - Nomination forms due back to Type II Team Coordinators. ***ALL NOMINATIONS, BOTH TYPE I & TYPE II WILL BE SENT TO TYPE II TEAM COORDINATORS.***

**February 15** - Prior to this date, Incident Commander's, Team Coordinators and NRCG Operations Committee will meet and finalize team rosters. At this meeting an attempt will be made to "fill" holes", address training needs, identify potential S-420 and S-520 candidates, etc.

Candidates for these teams must meet all the prerequisites of training, experience, and physical requirements, including agency specific supplemental requirements when appropriate. The basic requirements are set forth in the National Wildfire Coordinating Group Publication, "Wildland Fire Qualification Guide, 310-1".

**Command and General Staff Rotation Schedule.** Current team members need to reapply according to the year the Command and General Staff is due to rotate on their team.

Incident Mgmt. Teams	2003	2004	2005
Eastern Montana Zone	Gray	Benes	
North Idaho Zone		X	X
Western Montana Zone		X	X

## **2. Team Rotation and Assignment:**

Team members will be placed on a geographic rotation schedule and available for dispatching on two hour notice when their team is in that slot. When a team is called up in the rotation, the Zone Coordinator will advise the remaining team(s) of the rotation change. Teams will be on a geographic rotation basis. These are set up on a 2-hour, 8-hour and off call basis. The respective Zone Dispatch Center will contact the Incident Commander and advise them of any status change. The Incident Commander in-turn will notify their individual team members of their new "standby" status.

After all team members have been advised, the Incident Commander will confirm status with the respective Zone Coordinator. Team members who become unavailable during their "call up period" must notify the Incident Commander and the Zone Coordinator of their unavailability. The Incident Commander will notify the appropriate Zone Coordinator of the placement of an alternate on the team.

When the Incident Commander is not available for timely dispatch, the team will be dispatched with the qualified Deputy or Alternate Incident Commander. Teams may have up to three alternates filling core positions on Northern Rockies Geographic Area dispatches.

The Northern Rockies Type II Incident Management Teams will be listed on a Geographic Type II Team rotation listing and could be dispatched to out-of-area incidents. Teams must meet National Standards as stated in the National Interagency Mobilization Guide.

Free-lancing of team members will be acceptable only upon authorization and approval of the respective Incident Commander, after confirmation with Zone Coordinator.

Break-up of the Zone Teams will be coordinated with Zone Coordinators, Incident Commander's, Northern Rockies Coordination Center (NRCC) and Zone Board of Directors.

The team on call will be dispatched through the respective Zone Coordinator.

When the dispatched team returns to it's home unit, it will be put in an "off-call" basis for 24 hours or as long as the Incident Commander requests the rest period. At the end of the rest period, this team will assume their position at the bottom of the rotation until the completion of the current rotation cycle (Monday) at which time they will return to the established rotation.

A copy of the Incident Team Evaluation received from an incident dispatch will be forwarded by the Incident Commander to the Zone Coordinator after returning from each dispatch. The Zone Coordinator will forward a copy of the evaluation to the NRCC Manager (form attached).

A copy of "Lessons Learned" will be provided to the Zone Coordinator by departing team. Zone Coordinator will forward to NRCC and the Northern Rockies Fire Operations Officer (form attached).

## How to Request a Team

1. Team requests will be made through NRCC to the respective Zone Coordinator, who will in turn notify the Incident Commander and the respective agency dispatch offices. Within the Geographic Area, team members will bring their own transportation unless otherwise agreed upon. Transportation for team members will be coordinated between team members, home agency offices, and NRCC for dispatches outside of Northern Rockies Geographic Area.
2. Any additional team requests that cannot be obtained from local unit will be ordered through the normal hosting dispatch channels.
3. The Agency Administrator ordering the team should furnish the following information:
  - a) Resource order number
  - b) Name of incident
  - c) Location of incident
  - d) Designated assembly point
  - e) Estimated time of briefing
  - f) Any other pertinent information
  - g) Incident Commander may be requested to call the ordering agency.

## Developmental/Trainee Positions

The number of additional developmental positions to be filled will be determined by the Incident Commander on the incident with the concurrence of the Agency Administrator of the unit on which the incident occurs. A list of available resources will be provided by each agency.

The intent of the developmental position is to provide "in-job" training and assurance that future qualified personnel will be available to participate on Incident Management Teams within the Zone or Geographic Area for all positions.

**Developmental/Trainee/Assistant** - One who has completed all formal training required for a position, but lacks on-the-job experience of performing the duties of that position.

**Coached Positions** - Criteria for a person needing coaching will be when a person has lost their currency due to time lapse and they need a dispatch or on-the-job training to bring them up to date.

**Alternate** - To qualify as an alternate in a position, a person will be fully qualified in the position held and preferably have held that position on a Type II Team.

**Casual Hires** – Individuals not currently employed by NRCG member agencies can be used, but only if there are no current agency employees available. When these individuals are utilized, make an effort to send a trainee with them. Also, certain positions may not be filled with these individuals. These positions include: ICT1, ICT2, FSC1, FSC2, PROC and COMP.

## **DIRECTORY OF ZONE TEAM COORDINATORS**

### **EAST ZONE TEAM COORDINATOR**

Chris Shelton, Billings Interagency Dispatch Center

Office: 406-896-2901  
Fax: 406-896-2950  
cshelton@blm.gov

### **NORTH IDAHO ZONE TEAM COORDINATOR**

Gary Boyd, Idaho Panhandle N.F.

Office: 208-772-3283  
Fax: 208-762-6909  
gdboyd@fs.fed.us

### **NORTHERN ROCKIES COORDINATION CENTER**

406-329-4880

### **WESTERN MONTANA ZONE TEAM COORDINATOR**

Sandy Evenson, MDC Center Manager

Office: 406-829-7050  
Fax: 406-829-7065  
sevenson@fs.fed.us

When two or more names appear this indicates a job share position, a list of who is available for the current call up will be provided before dispatch. Support team members will be subject to available overhead numbers negotiated with receiving Line Officer.

**SUPPORT ORDER**  
**To be coordinated with incoming LSC2**

1 EA	82069	250-PERSON MOBILE CACHE SUPPORT VAN
1 KT	4390	ICS STARTER KIT
1 EA	1835	500 PERSON MEDICAL KIT
1 EA	4410	PUBLIC ADDRESS KIT
42 PG	0030	AA BATTERIES
1 EA	EERA	SHOWER UNIT (w/o potable or gray water vehicle)
10 EA	EERA	PORTABLE TOILETS
1 EA	CONTRACT	FOOD CATERER OR COMPARABLE FOOD SERVICE
200 GAL	EERA	DRINKING WATER
1 EA	EERA	FAX MACHINE
1 EA	EERA	COPIER
6 EA	EERA	TELEPHONE LINES FOR TEAM

## **OTHER ITEMS FOR LOCAL AGENCY TO CONSIDER**

- -Advise Line officer of situation and team arrival
- -Zone Briefing for Take-Over and Release
- -Complete Wildland Fire Situation Analysis
- -Identify Incident Camp Location
- -Assign Liaison Officer
- -Have maps of incident area available for team
- -Preattack Plans, Fire Management Plans, Forest Plan
- -Alert Rehab. Team
- -Alert Evacuation Officials
- -Identify need for EEO considerations and AA opportunities
- -Identify local trainee needs
- -Identify need for Expanded Dispatch
- -Identify need for Buying Team
- -Logistics local support group
- -Identify vehicles for team use
- -Fuel source
- -Garbage pickup
- -Potable water
- -Staging/Mob Centers
- -Grey water

## Interagency Incident Team Evaluation

Team IC:		Type	
Incident:		Fire #	
1	Did the Team accomplish the objectives described in the Wildland Fire Situation Analysis (WFSA), the Delegation of Authority, and the Agency Administrator Briefing (if available)?		
		Yes	No
2	Was the Team cost effective in their management of the incident?		
		Yes	No
3	Was the Team sensitive to resource limits and environmental concerns?		
		Yes	No
4	Was the Team sensitive to political and social concerns?		
		Yes	No

5	Was the Team professional in the manner which they assumed management of the incident, managed the total incident, and returned it to the hosting agency?	Yes	No
6	Did the Team anticipate and respond to changing conditions in a timely and effective manner?	Yes	No
7	Did the Team place the proper emphasis on safety?	Yes	No
8	Did the Team activate and manage the demobilization in a timely, cost-effective manner?	Yes	No

9	Did the Team attempt to use local resources and trainees, and closest available forces to the extent practical?			Yes		No	
10	Was the IC an effective manager of the Team and its activities?			Yes		No	
11	Was the IC obviously in charge of the Team and incident? Was the IC performing a leadership role?			Yes		No	
12	Was the IC aggressive in assuming responsibility for the incident and initiating action?			Yes		No	

13	Did the IC express a sincere concern and empathy for the hosting unit and local conditions?		
		Yes	No
14	Other comments:		
Agency Administrator or Agency Representative:			Date:
Incident Commander:			Date:

## LARGE FIRE MANAGEMENT

### GUIDELINES FOR THE TAKEOVER AND RELEASE OF NORTHERN ROCKIES TYPE II INCIDENT MANAGEMENT TEAMS

**Incident Name** \_\_\_\_\_

**Agency** \_\_\_\_\_

**Type II Incident Management Team Assigned** \_\_\_\_\_

**Date** \_\_\_\_\_

The following are guidelines for Type II Incident Management Teams for the orderly transfer of fire suppression responsibilities. The guide is for the **assumption** and **release** of incoming Fire Teams; plus a checklist of information and data the receiving Fire Unit needs to provide. Some information will be in writing and some will be verbal.

#### **I. THE TAKING OVER OF A LARGE FIRE BY A TYPE II INCIDENT MANAGEMENT TEAM**

- A. The assumption of a fire by the Type II Incident Management Team must be as smooth and orderly as possible. It must be remembered that the local Fire Unit is in charge until officially released.
- B. Ordering Agency should specify expected time of arrival, and expected time of takeover by the Team.
- C. The Type II Incident Management Team IC should contact the Agency Dispatcher in advance and arrange for 1) expected support staff 2) location of the officer briefing and 3) transportation needs. Team IC should also contact ordering Agency Administrator or designated alternate immediately upon team assignment.
- D. The ordering Agency should do the following prior to the arrival of the Type II Incident Management Team:
  - 1. Determine fire camp location.
  - 2. Order fire camp, supplies, and initial basic support organization for the fire.
  - 3. Order or make ample supply for topography maps, base maps, etc.
  - 4. Determine transportation needs of Type II Incident Management Team (from ordering unit to fire and on fire).

5. Determine line officer briefing time and location.
6. Obtain necessary information for line officer briefing (see below).
7. Order communication cache.

E. Line Officer Briefing should be as soon as possible after arrival of all members of the Type II Incident Management Team. It is impossible to list everything a team needs to know. The following is the more important items that should be discussed:

1. General

- a. Name of Fire \_\_\_\_\_
- b. Approx. Size of Fire \_\_\_\_\_  
Location of fire (shown on Agency recreation map)
- c. Name of Initial Attack IC \_\_\_\_\_
- d. Other fires on Agency \_\_\_\_\_
- e. Cause of Fire \_\_\_\_\_  
\_\_\_\_\_
- f. Accounting Code \_\_\_\_\_

2. Delegation of Authority and Assignment of Responsibility

Agency Representative \_\_\_\_\_

3. Area Command Organization (if needed or contemplated) \_\_\_\_\_

\_\_\_\_\_

4. Name of Resource Advisor assigned to Fire \_\_\_\_\_

\_\_\_\_\_

5. Local Fire Policy \_\_\_\_\_

\_\_\_\_\_

6. Resource Values, Land Values, Wilderness, Roadless Areas, Rare and Endangered Species \_\_\_\_\_

\_\_\_\_\_

7. Discuss existing plans in effect, priorities for control, WFSA approved

---

---

8. Local unusual fire behavior and fire history in area of fire \_\_\_\_\_

---

9. Money limitations and constraints \_\_\_\_\_

---

10. Legal consideration (current investigations in action) \_\_\_\_\_

---

11. Pre-Attack Plans \_\_\_\_\_ Yes \_\_\_\_\_ No

12. News Media Relations \_\_\_\_\_

---

13. Known local safety hazards \_\_\_\_\_

---

14. Local political considerations \_\_\_\_\_

---

15. Contracting Officer assigned \_\_\_\_\_

16. Other agencies/persons on fire \_\_\_\_\_

---

Agency Liaison \_\_\_\_\_

17. Transportation routes to Fire Camp \_\_\_\_\_

---

18. Air Operations

a. Airtankers assigned \_\_\_\_\_

b. Effectiveness of airtankers to date \_\_\_\_\_

c. Air Tactical Group Supervisor

Name \_\_\_\_\_

Airport \_\_\_\_\_

Telephone Number \_\_\_\_\_

19. Supply system to be used (local supply, caches, etc.)

\_\_\_\_\_  
\_\_\_\_\_

20. Land Status \_\_\_\_\_

\_\_\_\_\_

21. Physical condition of initial attack personnel \_\_\_\_\_

\_\_\_\_\_

22. How many and which agency people will remain on Fire \_\_\_\_\_

\_\_\_\_\_

23. Rehabilitation of policies (anything Team may need to know about)

\_\_\_\_\_  
\_\_\_\_\_

24. Estimated time when the Team will assume command of the fire \_\_\_\_\_

\_\_\_\_\_

25. Closest medical facilities \_\_\_\_\_

Closest burn facility \_\_\_\_\_

26. Cooperative Agreements in effect \_\_\_\_\_

\_\_\_\_\_

27. Injuries to date \_\_\_\_\_

\_\_\_\_\_

28. Claims to date or potential claims \_\_\_\_\_

\_\_\_\_\_

29. Equipment under rental agreement \_\_\_\_\_

\_\_\_\_\_

#### F. Specific Fire Information

1. Map of fire (best available) \_\_\_\_\_

2. Time of start \_\_\_\_\_

3. Spread – Fire behavior \_\_\_\_\_

\_\_\_\_\_

4. Fuels at fire \_\_\_\_\_

Ahead of the fire \_\_\_\_\_

5. Anchor points \_\_\_\_\_

6. Line held (shown on map) \_\_\_\_\_

7. Natural barriers \_\_\_\_\_

\_\_\_\_\_

8. Weather forecast \_\_\_\_\_

\_\_\_\_\_

9. Camp sites: Agency \_\_\_\_\_ Private \_\_\_\_\_

Established \_\_\_\_\_

Possible \_\_\_\_\_

Spike camps \_\_\_\_\_

10. Hazards (aircraft & people) \_\_\_\_\_

\_\_\_\_\_

11. Access from camp to line \_\_\_\_\_  
\_\_\_\_\_
12. Manpower, equipment and overhead on line (get names) \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
13. Manpower and equipment ordered \_\_\_\_\_  
\_\_\_\_\_
14. Photos \_\_\_\_\_ Yes \_\_\_\_\_ No
15. Helispot and helibase locations (see map) \_\_\_\_\_
16. Communications system in use
- Radio \_\_\_\_\_
  - Telephone \_\_\_\_\_
  - Incinet \_\_\_\_\_
  - Dack Kits \_\_\_\_\_
17. Water availability \_\_\_\_\_
18. Fire camp protection at helibase \_\_\_\_\_
- Crash fire protection at helibase \_\_\_\_\_
19. Smoke conditions \_\_\_\_\_
20. Security problems \_\_\_\_\_

## II. RELEASE OF AN INCIDENT MANAGEMENT TEAM

A. Release of an Incident Management Team is basically the reverse of the above. Date and time must be approved by Agency Administrator or his/her representative. It must be as smooth as possible and receiving personnel should be assigned and start working with agency members at the predetermined time.

B. The Type II Incident Management Team should not be released from the fire until:

1. Fire management activity is at the level and workload the receiving unit can reasonably assume.
  - a. Fire must be controlled.
  - b. Most all line crew members released that are not needed for patrol and mop-up.
  - c. Base fire camps shut down, reduced, or in the process.
  - d. Plans Chief has prepared a rough copy of fire report and narrative.
  - e. Finance Chief should have all known finance problems resolved. Contact made with agency budget and financial personnel.
  - f. Resource rehab work completed or done to agency satisfaction.
  - g. Overhead ratings completed.
2. Finance and Logistics Chiefs may have to stay longer.

## DELEGATION OF AUTHORITY

\_\_\_\_\_ is assigned as Incident Commander  
on the \_\_\_\_\_ Fire.

You have full authority and responsibility for managing the fire suppression activities within the framework of law, agency policy, and direction provided in the Overhead Briefing and/or Escaped Fire Situation Analysis.

Your primary responsibility is to organize and direct your assigned/ordered resources for efficient and effective suppression of the fire. You are accountable to the \_\_\_\_\_  
\_\_\_\_\_ or his designated representative listed below. Financial limitations will be consistent with the best approach to the values at risk.

Specific direction for the \_\_\_\_\_ Fire covering management and environmental concern is listed:

Resource Limitations –

\_\_\_\_\_, will represent me on any occasion that I am not immediately available. This authority is effective \_\_\_\_\_.

\_\_\_\_\_  
Unit Administrator

\_\_\_\_\_  
Date  
Time

\_\_\_\_\_  
Unit Administrator

\_\_\_\_\_  
Date  
Time

**RETURN OF DELEGATED AUTHORITY**

The signing of this document returns the authority and responsibility for the management of the \_\_\_\_\_ Fire to the Agency Administrator having protection responsibility for the land on which the Fire is located.

It is mutually agreed the objectives and management direction have been met and the \_\_\_\_\_ Incident Management Team is hereby released effective

\_\_\_\_\_  
Date

\_\_\_\_\_  
Time

\_\_\_\_\_  
Incident Commander

\_\_\_\_\_  
Agency Administrator

## What Works in Fire Management

# Lessons Learned

### After Incident Report

#### Lessons Learned, NARTC

The purpose of the After Incident Report is to identify issues that occurred on an incident and how they were resolved. The lessons learned in the report will also be used to refresh or update training curriculums. Issues and trends that are identified may have Fire Action Collection Teams assigned to them in the future for further analysis and resolution.

Incident Management Teams and Agency Administrators are asked to complete the following questionnaire for the incident(s) that they managed:

[http://www.nartc.net/after\\_incident\\_form.html](http://www.nartc.net/after_incident_form.html)

Incident Name:	<input type="text"/>
Dates of Assignment:	<input type="text"/>
Unit or Jurisdiction(s):	<input type="text"/>
Geographic Area:	<input type="text"/>
Report Submitted by:	<input type="text"/>

1. What was the most notable success at the incident that others may learn from?

2. What were some of the most difficult challenges faced and how were they overcome?

An empty text input field with a light gray border. It features a vertical scrollbar on the right side and a horizontal scrollbar at the bottom. The field is currently blank.

**3. What changes, additions or deletions are recommended to various training curriculums?**

An empty text input field with a light gray border. It features a vertical scrollbar on the right side and a horizontal scrollbar at the bottom. The field is currently blank.

**4. What issues were not resolved to your satisfaction and need further review? Based on what was learned, what is your recommendation for resolution?**

An empty text input field with a light gray border. It features a vertical scrollbar on the right side and a horizontal scrollbar at the bottom. The field is currently blank.

Thank you for completing the report. Others can learn from your experiences.
